In regard to our politics, although it is not designed that the BANNER shall be strictly a party paper, by which we at present understand the prostitution of the public press to indiscriminate abuse of its opponents in politics, and the vulgar and indecent denunciations of those who differ with it in opinion-yet still it will be our determination, by all proper and legitimate arguments, by respectful appeals, and by the utmost cogency of fair and honorable reasonings of which our i maginations are capable, to advance the interests of that party with which circumstances has iden tified us, and with which, we believe, are identi- cies of Loco-Focoism. fied the best interests and prosperity of our country.
